Hey Derek. I'm sorry brother.
I was really hoping they wouldn't
get you on all charges, but keep your
head up. You still have a couple of
ways out of this. You and I are
connected in a way. The riots
that sparked up after are part of
the reason I'm in jail right now.
I'm from Texas but I went to
Portland to deal with Antifa
and Burn Food Murder protestors.
We had a flag, were in front
of Central Percent on the sidewalk
and the same group of protestors
that came out to attack, the police
every night for months straight
showed up to attack us. We fought
back though and because we defended
ourselves, I'm sitting in jail for
going on 8 months now. I was
marking the protestors who were
attacking us with paintballs and
they are bringing charges on me
for shooting my attackers with
paintballs. So figure.

You will have an appeal and
if they change the venue, you won't

get all the charges I bet.

Another thing that may end up working in your favor is that this country is headed towards civil war. We been fighting with the left for years now. We been to rallies from coast to coast and we got 96 Antifa and BLM agitators arrested. We been fighting this civil war for awhile now. I see it ramping up. Civil war will get you out of jail. I'll get me out too.

Our Country has too many George Floods in it. It's time to clean house. I don't believe you meant to kill the guy, but the thing is... The world's a little bit better and safer place without him in it. He was a POS. Thank you for your service. I'm sorry this happened to you, but like I said... Civil war will get you out of here. I don't think it'll be long now.

If you need a friend, write me. I'm a Vet, proud boy, and a strict. Drive on soldier. Chin up! You got this!
